

AUSTRALIA'S COASTAL
WILDERNESS SERIES

2021 & 2022

ANCIENT LANDS OF THE KIMBERLEY

Expedition Highlights

- › Experience the thrill of riding the tidal rapids through the Horizontal Falls aboard a Zodiac
- › Marvel at King George River and get in close to the soaring 80m high King George Falls
- › Visit Indigenous rock art galleries and learn about ancient Wandjina and Gwion Gwion art
- › Spot crocodiles, tawny nurse sharks, sea turtles, humpback whales, and rock wallabies
- › Get up close to Montgomery Reef and discover the tidal reef's diverse marine life
- › Visit the Important Bird Area of the Lacepede Islands, and spot numerous bird species throughout your voyage, including Eastern Ospreys and White-breasted Sea Eagles
- › Follow in the wake of Phillip Parker King on a cruise up the Prince Regent River to King Cascade waterfall
- › View the Kimberley landscape from the air on an optional scenic helicopter flight to Mitchell Falls (additional cost)
- › Enjoy sunset canapes and drinks on the beach as dusk settles over the Kimberley

coralexpeditions
AUSTRALIA'S PIONEERING CRUISE LINE

UNTAMED FRONTIERS & ANCIENT BEAUTY FOR TRUE EXPLORERS

The remote and beautiful coastlines of Northern Australia offer an experience of true exploration and adventure. This is a land steeped in legends and Indigenous history, home to remarkable wildlife.

The Kimberley is acknowledged as one of the world's most beautiful wilderness areas. On a voyage here, you will witness magnificent coastal vistas created by towering rock ridges and sweeping beaches, silent secluded gorges, plunging waterfalls, abundant wildlife, and rare tidal phenomena.

Meet our Expedition Team

Dawn Singleton

With over 24 years at sea, Dawn is a seasoned Scuba Instructor with a passion for the marine environment. Earning her stripes driving vessels, Dawn has been fortunate to circumnavigate the world almost twice, visiting and leading expeditions in many different countries and remote areas. She has a passion for photography, biology and the natural world.

Ian Morris

Zoologist, educator, conservationist and author, Ian has joined our expeditions since 2001. He has worked with the traditional owners of Arnhem Land for decades, and speaks the Indigenous languages of Djambarrupynu, Warramirri, and Gupapynu. He has also worked as a Ranger in Kakadu, Uluru and the Pilbara. He is passionate about helping people understand and experience nature and Indigenous culture.

INCLUSIONS

- › All excursions and sightseeing
- › Use of Xplorer and Zodiacs
- › Daily lectures and briefings
- › All meals, chef-prepared on board
- › Selected wines, beers, and spirits with juices, and soft drinks served with lunch and dinner
- › Coffee and selection of teas
- › All entrance fees to National Parks and Ports, including Traditional Owner Fees
- › Tips and gratuities

WHAT'S NOT INCLUDED

- › Pre and post flights, accommodation & travel insurance
- › Alcoholic beverages outside of lunch and dinner service
- › Telephone and Internet services
- › Mitchell Falls helicopter flight
- › Diving experiences (12 night Ashmore & rowley shoals itinerary only)

Expedition Note:

These are expedition itineraries covering remote regions. Your Captain and Expedition Team will make changes to the daily schedule when necessary to maximise guest experience. These itineraries are indicative - some variation may occur due to weather conditions, safety or local community requirements.

We recommend that you do not arrive to the embarkation port on the day of boarding or depart on the day of disembarkation due to unexpected changes that may occur in scheduling.

IMAGES 1 King George River | 2 Zodiac ride through Horizontal Falls | 3 Kimberley coastal views | 4 Eastern Osprey on nest | 5 Sunset beach drinks

Australian Hospitality at Sea

On board, you will discover a personalised style of cruising. With only 72 to 99 guests, there is no need for queues, waiting, or assigned seating. Instead, an intimate, convivial atmosphere shared with other like-minded travellers makes you feel at home.

Our Australian and New Zealand crew share their passion for our destinations and the explorer's life. Join our engine room tours, watch our chefs at work in the open galley, and chat with our Captain or officers on the bridge - they will be delighted to have your company.

Our chefs, inspired by destination flavours, prepare cuisine from fresh regional produce. Our wine cellars hold a curated selection of Australian wines and unique beers.

Our guests love to mingle over drinks as the sun sets, enjoy daily educational presentations by our lecturers, participate in stargazing sessions after dark, or simply find a quiet corner on deck and enjoy the solitude.

The Expedition Experience

We explore remote locations that are hard to reach or not often touched by tourists, with shore excursions that promote environmental and cultural appreciation. Our small group sizes ensure that your experience is personal, with minimal impact on the communities and environments we visit.

Enjoy excursions or activities each day, guided by expert Expedition Leaders and lecturers who provide commentary on culture, history, and the region's unique geology, plants and wildlife to help you connect with these special places.

Our ships are built for environmentally responsible small-ship cruising, with refined navigation and nimble Xplorer tenders to bring you close to remote coastlines.

SailSAFE

Our Health & Safety Plan for guests & crew

Our SailSAFE Plan - Keeping you safe when you cruise with us

It is our priority to keep our guests and crew safe while travelling with us, and our SailSAFE Plan will ensure we operate responsibly in the new environment that COVID-19 has created.

Remote, nature-based expeditions with Australian crew, and small groups less than one hundred guests provides a lower-risk environment. The addition of our approved SailSAFE COVID response plan, as well as our thorough pre-cruise testing model, create additional confidence when sailing with us.

We have partnered with Respond Global, a specialist medical advisory agency, to assist us in developing these protocols that are among the most thorough in the world.

With a focus on prevention, to target a 100% COVID free environment when we set sail, we have a three-tiered medical screening system in place before boarding. This prevention protocol is supported by onboard mitigation actions and a thorough and compassionate response plan.

Read more:

www.coralexpeditions.com/au/about-us/sailsafe-plan/

ITINERARY: 10 NIGHTS BETWEEN DARWIN & BROOME

DAY 1: DEPART DARWIN OR BROOME

Board in Darwin at 8:00am for a 9:00am departure.
Board in Broome at 4:00pm for a 5:00pm departure.
COVID pre-screenings will occur prior to boarding - please refer to final cruise documentation for location/timing details.

DAYS 2-10: KEY DESTINATIONS OF YOUR EXPEDITION

KING GEORGE RIVER & FALLS

Fed by the King George River draining across the Gardner Plateau, 80m tall King George Falls are the highest twin falls in Western Australia. Cruise through steep-sided gorges carved many millions of years ago to reach the base of the falls. In waterfall season, cruise under the mist of the falls by Zodiac, while in later months view the honeycomb erosion patterns of sandstone cliffs up close.

VANSITTART BAY

Vansittart Bay is home to many cultural and historically significant sites like the remarkable Jar Island Gwion Gwion (Bradshaw) rock art galleries estimated to be up to 20,000 years old. Nearby on the Anjo Peninsula, we explore the well-preserved wreckage of a US Air Force C-53 Skytrooper aircraft.

MITCHELL FALLS, WINYALKAN, & SWIFT BAY

Carved through layers of sandstone, Mitchell Falls descends over four tiers, creating pools of emerald green on each level. An optional helicopter flight will provide a breathtaking view. At the top of the falls, sandstone terraces form a lookout from which to savour the serenity of this ancient landscape. Alternatively explore the sandstone caves of Wollaston Bay or Wollaston Creek, a maze of weathered tunnels, arches and columns that was once an Aboriginal midden. Swift Bay reveals a series of fine Wandjina and Gwion Gwion rock art galleries.

"The Swift Bay art site, called Warrabii by Wunambal people, featured several Wandjina paintings and other images including a large kangaroo and a marsupial glider. The huge middens here indicate that people occupied this area for thousands of years. Later, as we cruised further into the bay, we saw a pod of Bottle-nosed Dolphins and large Estuarine crocodile."

Tom Collis - Guest Lecturer

PRINCE FREDERICK HARBOUR

Prince Frederick Harbour is one of the Kimberley's most spectacular locations. The harbour is dotted with islands lined with mangroves and monsoon rainforests, set against a backdrop of ochre-hued escarpments.

White-bellied sea eagles and other birds of prey are often seen here, and at low tide, expansive mudflats reveal large populations of mud-skippers and mangrove crabs. Cruise up Porosus Creek to spot wildlife and later explore rock art sites.

PRINCE REGENT RIVER & CAREENING BAY

Running on a fault line, this straight river is a haven for native species. Here we visit the beautiful King Cascade, a terraced waterfall. Falling from a considerable height and around 50m across, water tumbles down a staggered terrace of Kimberley sandstone, surrounded by grasses, mosses and ferns.

See the National Heritage Listed 'Mermaid Tree' at Careening Bay. It still bears the name carved by the carpenter of Phillip Parker King's ship *HMC Mermaid* when the ship was repaired here in 1820.

MONTGOMERY REEF

Montgomery Reef is a biologically diverse area covering over 300 sq km. Twice daily, as the sea recedes in mammoth tides, Montgomery Reef rises from the ocean in a cascade of rushing water, revealing a flat-topped reef. Opportunistic birds take advantage of the marine life left exposed in rock pools, while turtles and larger marine life may also be spotted. Get up close to witness the spectacle, as our Expedition Team share their knowledge on the reef and wildlife that surrounds you.

DOUBTFUL BAY

Raft Point guards the entrance to sheltered Doubtful Bay, which harbours significant sites such as the ancient Wandjina rock art galleries. Doubtful Bay is the traditional country of the Worrorra people who follow the Wandjina, and these stories, knowledge and culture have been recorded in stone for millennia.

Visit Red Cone Creek, which flows gently downstream until it meets Ruby Falls. Climb up rock formations like building blocks, to reach the freshwater swimming hole. Other sites we may visit in Doubtful Bay include the mighty Sale River and Steep Island.

HORIZONTAL FALLS & BUCCANEER ARCHIPELAGO

Due to the mammoth tides for which the Kimberley is renowned for, the Horizontal Falls are created as the ocean thunders through a narrow gorge in the McLarty Ranges. As the tide changes, water is forcibly pushed through the bottleneck, creating a rushing horizontal waterfall of swiftly flowing seawater. Experience a heart-pumping ride through the rapids aboard our Zodiacs.

In the spectacular Buccaneer Archipelago, you will see evidence of massive geological forces in the ancient rock formations as we cruise through the Iron Islands, past Koolan Island, and enjoy sunset drinks at Nares Point.

THE LACEPEDES

A Class-A nature reserve, these islands are a rookery for brown boobies and roseate terns as well as other species of birds. The four low-lying islands are also an important breeding and nesting habitat for green turtles, which are commonly spotted. If tidal conditions allow, explore the lagoons by Zodiac.

DAY 11: ARRIVE DARWIN OR BROOME

Disembark in Darwin at 8:30am
Disembark in Broome at 8:00am

A post cruise transfer to the city or airport is included.

Seasons

Waterfall Season: At the end of the wet season, experience rushing waterfalls and creeks, with abundant wildlife and lush greenery.

Travel time

March to May

Peak Season: The most popular time to see the Kimberley. Enjoy optimum weather with cooler temperatures and no rain. The wildlife is abundant, and the landscape vibrant.

May to July

Whale Season: Large pods of humpback whales migrate to Kimberley waters and are often spotted during these months. The weather is hot and dry, with beautiful sunsets.

July to
October

KIMBERLEY ICONS, ASHMORE REEF & THE ROWLEY SHOALS

12 NIGHTS

①

Expedition Highlights

- > Snorkel or dive the pristine and rarely visited Rowley Shoals Marine Park and Scott Reef, accompanied by our onboard Marine Biologist
- > Birdwatch at Ashmore Reef and look out for turtles at Adele Island
- > Experience cruising down scenic King George River getting up close to 80m tall sandstone cliffs
- > Get up close to Montgomery Reef and discover the tidal reef's diverse marine life
- > Experience the thrill of riding the Horizontal Falls in inflatable Zodiac tender vessels
- > Visit Indigenous rock art galleries and learn about ancient Wandjina and Gwion Gwion art
- > Enjoy sunset canapés and drinks on the beach as dusk settles over the Kimberley

AUSTRALIA'S PIONEERING CRUISE LINE

IMAGES 1 Ship & Xplorer at reef | 2 King George Falls | 3 Zodiac at Horizontal Falls | 4 Boobie birds at Lacepedes

KIMBERLEY ICONS, ASHMORE & THE ROWLEY SHOALS

This itinerary combines the highlights of our classic Kimberley itinerary, with a visit to the spectacular Rowley Shoals Marine Park and Ashmore Reef. Witness magnificent coastal vistas created by towering rock ridges, silent secluded gorges, abundant wildlife, and massive tidal movements. Expert guides interpret 40,000-year-old rock art, and retrace the history of Phillip Parker King who first charted this spectacular coastline 200 years ago.

INCLUSIONS

- > All excursions and sightseeing
- > Use of Xplorer, Zodiacs and kayaks
- > Daily lectures and briefings
- > All meals, chef-prepared on board
- > Selected wines, selected beers, selected spirits, juices, and soft drinks served with lunch and dinner
- > Coffee and selection of teas
- > All entrance fees to National Parks and Ports
- > Snorkelling equipment (Costs associated with SCUBA are additional)
- > Post-cruise transfers
- > Tips and gratuities

ITINERARY: 12 NIGHTS DARWIN TO BROOME

DAY 1: DEPART DARWIN

Board *Coral Geographer* at 4:00 pm for 5:00 pm departure. *COVID pre-screenings will occur prior to boarding - please refer to final cruise documentation for location/timing details.*

DAYS 2-11:

Your Expedition Team may make changes to the itinerary in order to maximise your expeditionary experience. Below are the key destinations we visit.

KING GEORGE RIVER

Cruise down the scenic King George River, through steep-sided gorges carved by a flooded river system that carved a swathe through the Kimberley landscape 400 million years ago. We will take the opportunity to get up close and view the honeycomb erosion patterns of the 80m tall sandstone cliffs.

SWIFT BAY

Phillip Parker King originally named it 'Swift's Bay' after Jonathon Swift (1667-1745) the author of *Gulliver's travels*. Today, it is known as Swift Bay. The 'T' shaped bay is composed of heavily fractured sandstone providing an abundance of rock shelters. On the walls of these shelters are examples of both Wandjina and Gwion Gwion style rock art.

ASHMORE REEF

Spend two days exploring Ashmore Reef, a very special stop on our voyage. The rich marine environment is revealed with snorkelling and diving expeditions to discover vibrant populations of sea snakes, turtles, and complex coral reefs.

SCOTT REEF

Located 300kms off the coast of the Kimberley, Scott Reef has been treacherous to shipping. We will visit the wreck of the *Yarra*, an iron barque was driven onto the reef in 1884 and go on a snorkelling or diving expedition to discover the breathtaking outer walls of the reef.

ADELE ISLAND

150km off Cape Leveque, Adele Island is a Class A reserve and Important Bird Area due to innumerable birds that breed and winter here. The turquoise waters surrounding the island are also home to fish, sharks, turtles, and stingrays.

MONTGOMERY REEF

Montgomery Reef covers over 300 sq km. As the sea recedes in mammoth tides,

the reef rises from the ocean in a cascade of rushing water. Opportunistic birds take advantage of the marine life left exposed in rock pools, while turtles and larger marine life may also be spotted. Get up close to witness the spectacle, as our Expedition Team share their knowledge on the reef and wildlife.

DOUBTFUL BAY

Raft Point guards the entrance to sheltered Doubtful Bay, which harbours significant sites such as the ancient Wandjina rock art galleries. Visit Red Cone Creek and beautiful Ruby Falls and climb up the rock formations to reach the freshwater swimming hole. We may also visit Steep Island.

HORIZONTAL FALLS

Due to the mammoth tides for which the Kimberley is renowned for, the Horizontal Falls are created as the ocean thunders through a narrow gorge in the McLarty Ranges. Experience a heart-pumping ride through the rapids aboard our Zodiacs.

THE LACEPEDE ISLANDS

A Class-A nature reserve, these islands are a rookery for brown boobies and roseate terns as well as other species. The low-lying islands are also an important habitat for green turtles, which are often spotted. If conditions allow, explore the lagoon by Zodiac.

ROWLEY SHOALS

At the edge of the continental shelf, 170 nautical miles offshore, lie the Rowley Shoals, a chain of three coral atolls including Clerke, Mermaid and Imperieuse Reefs. The shoals offer some of the best snorkelling and diving opportunities in the world. Their shallow lagoons are inhabited by myriad coral species and marine life, including giant potato cod, Maori wrasse, at least 233 species of coral and 688 species of fish. Water clarity here is unparalleled, making for superb underwater photography opportunities. Conditions permitting, we will spend 1-2 days here for snorkelling and diving opportunities. Guided by our marine biologist, snorkel away the day in the coral gardens of the Aquarium at Clerke Reef, try a drift snorkel in the channel, or beach comb on Bedwell Island.

DAY 13: ARRIVE BROOME

This morning, we arrive at Broome disembark at 8:00am.

CORAL DISCOVERER

LENGTH: 63M | TONNAGE: 1779

Coral Discoverer is purpose built for environmentally-responsible small-ship cruising, with refined steering capabilities, active stabilisers, and shallow draught. With only 72 guests, you will enjoy an intimate atmosphere and a personal expedition experience.

Coral Expeditions
Best Cruise Line for Adventure

"The itinerary was very well thought-out and we were kept busy every day with enthralling outings, and interesting talks by our entertaining guest lecturers. The sightings of numerous whales, sharks, and green turtles added considerably to the experience! The food and service were outstanding. The crew must rank as the most efficient and cheerful team we've encountered, on land or sea. In summary, a splendid cruise."
